Summary

AI/ML-focused Computer Science student skilled in building production-ready applications, NLP systems, and computer vision pipelines. Experienced in developing end-to-end solutions including model training, optimization, deployment, and automation. Strong in problem-solving, system design, and delivering reliable engineering outcomes. Seeking roles in Machine Learning, AI Engineering, or Software Development..

Education

SRM Institute of Science and Technology, Delhi NCR

June 2023 – May 2027

B.Tech. Computer Science and Engineering

CGPA - 8.5

Greenfields Public School , Delhi NCR

April 2022 – March 2023

12th Standard (Physics, Chemistry, Mathematics, Computer Science, English)

Percentage - 68.5

Work Experience

Extion Infotech

New Delhi

AI/ML Intern

June 2024 – July 2024

- Developed **AI applications** including **chatbots**, **sentiment analysis tools**, and **predictive systems** for internal automation.
- Collaborated with **cross-functional teams** to ensure smooth **communication**, timely **delivery**, and high-quality outcomes.
- Optimized **ML workflows** by enhancing **data preprocessing**, **feature handling**, and **model refinement**.
- Contributed to meaningful insights through **exploratory data analysis** and model experimentation.

Projects

CYPHER (AI Chatbot) – Custom NLP Conversational System | Node.js, JavaScript, Dialogflow 🌐

July 2024

- Built an intelligent **NLP-powered conversational chatbot** with intent recognition and dynamic response generation.
- Integrated **Dialogflow** with a custom Node.js backend for routing, response mapping, and conversational flow.
- Improved chatbot accuracy by refining **intent classification**, user input parsing, and fallback handling.

Car Damage AI – Automated Insurance Claim Analysis | YOLOv8, Flask, OpenCV, HTML/CSS/JS 🌐

December 2024

- Built an **AI-powered insurance claim analysis system** using a fine-tuned **YOLOv8 model** achieving **98%+ damage detection accuracy**.
- Implemented an **AI Image Checker** to identify **blurred, tampered, duplicate, or AI-generated images** using OpenCV, hashing, and a Hugging Face detector.
- Developed a **cost estimation engine** that maps detected damage classes to **automated repair cost predictions** for faster claim approvals.
- Added automated **PDF report generation** (annotations + cost breakdown), improving claim transparency and fraud prevention.
- Designed a responsive **HTML/CSS/JS frontend** integrated with a **Flask backend**, enabling real-time image uploads, detection visualization, and user interaction.

Technical Skills

Programming Languages: Python • C++ • JavaScript

Frontend Development: HTML • CSS • Bootstrap • Tailwind

Backend Development: Node.js • Express.js • REST APIs • Supabase • Authentication & Session Management

AI and ML Tools: Scikit-learn • TensorFlow • PyTorch • Keras • OpenCV • YOLOv8 • Ultralytics • Hugging Face Transformers • Diffusers • NLTK • SpaCy • Pandas • NumPy • Matplotlib • Seaborn • XGBoost • LightGBM • CatBoost Stable Diffusion • ONNX • FastAI • MLflow • Weights & Biases (W&B) • Prompt Engineering • Azure AI (ML, CV, NLP, GenAI)

AI, Machine Learning & Deep Learning:

Machine Learning • Deep Learning • **LLMs (Large Language Models)** • Neural Networks • Transformer Models • Computer Vision • NLP (Natural Language Processing) • Generative AI • Transfer Learning • Fine-tuning • Model Evaluation & Metrics • Feature Engineering • Data Preprocessing

Mathematics for AI/ML:

Linear Algebra • Calculus • Probability • Statistics • Optimization Techniques • Gradient Methods • Vector Spaces • Matrix Operations

Databases: MySQL • PostgreSQL • Firebase

Cloud & Deployment: Vercel • Heroku

Operating Systems: Windows • Linux

Developer Tools: Git • GitHub • Postman • VS Code • Jupyter Notebook • Google Colab • Docker

Soft Skills

Communication • Problem Solving • Teamwork • Critical Thinking • Leadership • Time Management • Adaptability • Creativity • Analytical Thinking • Collaboration • Attention to Detail • Project Ownership • Fast Learning • Decision Making • Presentation Skills
